PROJECTS

Links to some of the Frontend Web Development works:

Portfolio Website :

A website to showcase my frontend work and express myself better as a person and as a frontend web developer.

Simon Game :

This game is a fun way to practice improving body awareness, while also incorporating other motor skills, including balance. Simon is an electronic game of short-term memory skill invented by Ralph H. Baer and Howard J. Morrison, working for toy design firm Marvin Glass and Associates, with software programming by Lenny Cope.
